

Thunder Bay Regional Health Sciences Centre

Opportunity for Neurosurgeon in Thunder Bay, Ontario, Canada

Position Description:

The Department of Surgery has an opportunity for a full-time Neurosurgeon to join the team at the Thunder Bay Regional Health Sciences Centre in Thunder Bay, Ontario.

Specific Skills:

The surgeon will contribute to the general neurosurgery clinical coverage and on-call schedule. Candidates with an interest in clinical program development, teaching and research are desired.

The candidate must be eligible for certification with the Royal College of Physicians and Surgeons of Canada as well as licensure with the College of Physicians and Surgeons of Ontario.

Remuneration & Incentives:

The income for this position is derived from a variety of sources including but not limited to clinical billings. On-call rotation, with a ratio of 1:4, is supported by a Hospital On-Call stipend. The candidate can also apply for a \$80,000+ recruitment incentive for working in Northwestern Ontario.

Funded Community Visit:

Visit us in Thunder Bay to learn more about this exciting opportunity and discover what life is like in our beautiful city.

Serving Northwestern Ontario

Thunder Bay Regional Health Sciences Centre serves Northwestern Ontario from east of White River to the Manitoba border in the west and from Hudson Bay in the north to the United States border in the south. Thunder Bay Regional Health Sciences Centre is the only **acute care** hospital in the City of Thunder Bay and operates one of the busiest emergency departments in Canada and the only one in the City. Ours is also the only **tertiary hospital** in Northwestern Ontario and a **regional referral centre** for 10 smaller regional acute care hospitals. We are a unique region with unique gaps in health care.

Research Will Transform the Future of Health Care

The Thunder Bay Regional Health Research Institute is distinct. Until very recently, health research facilities of this calibre would be housed in a major metropolitan centre. Indeed, our scientists found that Thunder Bay's size and status as a regional hub has **tremendous advantages**, particularly access to collaborators. We are able to focus our research to address the health care challenges unique to our region.

Academics & Learning

Learners play an important role at our Hospital. We are the **teaching hospital** of choice for learners from the Northern Ontario School of Medicine, Lakehead University, Confederation College, and other partnering academic institutions. We are an academic health sciences centre, committed to teaching the next generation of health care providers. Our new **Simulation Centre** allows practitioners to practice and expand their knowledge and skills within a safe and controlled environment.

Living in Thunder Bay

In addition to working at a worldclass academic health care facility, you also have the city of Thunder Bay and surrounding area at your back door. We are known for our access to the **outdoors**: hiking, fishing, camping, snowshoeing, skiing; we have it all!
