

Diagnostic Neuroradiologist

Mayfair Diagnostics
Calgary, Alberta, Canada

Mayfair, a 50+partner radiologist-owned and operated practice, based in Calgary, Alberta with a large presence in Western Canada, is inviting application for radiologists interested in partnership track positions in Neuroradiology.

We are also seeking Neuroradiologists for short or long-term contractor positions, with a combination of on-site and teleradiology work.

We offer a diversified mix of hospital and clinic work, competitive remuneration, flexible vacation, research and teaching opportunities and job security.

Candidates should be eligible for registration with the College of Physicians and Surgeons of Alberta and Saskatchewan. Subspecialty fellowship training in Diagnostic Neuroradiology is required, preferably at least 2 years. Procedural skills in percutaneous spine intervention would be an asset.

For more information or expression of interest please email at radrecruiting@radiology.ca
